STEP #3

OPTIMIZE YOUR FB PROFILE

Step #3: Optimize Your Facebook Profile

Turn Your Profile Into A Magical Lead Trap!

The image shows a standard Facebook profile page for a user named John Smith. The profile picture is a circular photo of a man with sunglasses and a beard. The cover photo is a scenic mountain landscape. The bio section says: "Hi! My name is John & I'm an entrepreneur". Below the bio are sections for education ("Studies Finance at University of Central Florida"), location ("Lives in Orlando, Florida" and "From Orlando, Florida"), and a link to edit details. The timeline shows a post from John Smith just now, featuring a photo of the same mountain landscape. The overall theme is a lack of optimization, represented by three large, semi-transparent user icons with question marks over their faces.

**The answer is
this one by a
long shot!**

If you had to guess...

Which one of these do you think converts visitors into customers better than the other?

The image shows a highly optimized Facebook profile page for a user named Chris Fior. The profile picture is a circular photo of a man wearing a fedora and suit. The cover photo features the same man in a more dynamic pose. The bio section reads: "I help Spiritual Businesses Get Top Soul Clients Online Fast". Below the bio are sections for education ("Studied Marketing at La Sapienza University"), location ("Lives in Rome, Italy"), and a link to his website ("chrisfior.com"). The timeline shows a post from Chris Fior sharing a link 12 hours ago, which is a video titled "Interested in a 'behind-the-scenes' look at what it takes to attract top soul clients with no paid ads? Get access to my brand new video that reveals the only 5 steps you need to magnetize endless leads and sales!". To the right of the profile are several promotional graphics for "SoulClients.Connector" and a "FREE VIDEO: 5 SIMPLE STEPS TO MAGNETIZE ENDLESS LEADS AND SALES".

Step #3: Optimize Your Facebook Profile

5-Point Profile Optimization

There are **5 different strategies** you can use to optimize your profile.

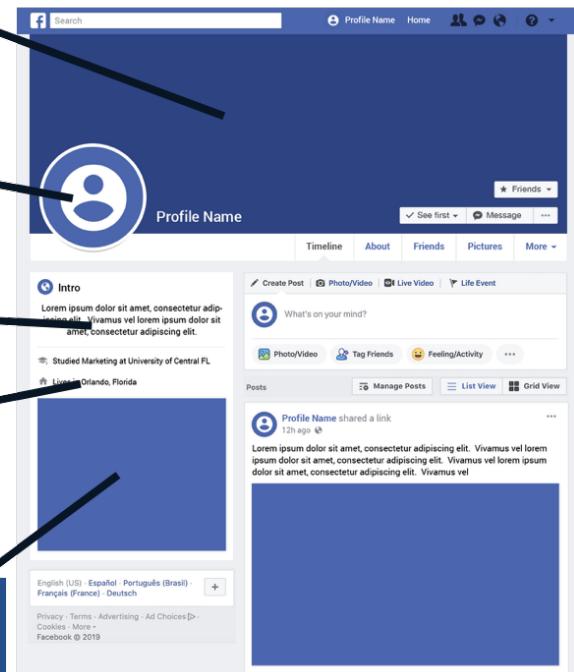

1 Cover Photo

2 Profile Picture

3 Intro Section

4 Bio Link

5 Featured Photo

When all combined together, **your profile becomes a powerful "sales funnel" that captures new potential customers** for your spiritual business.

Let's start with the cover photo.

Step #3: Optimize Your Facebook Profile

Cover Photo

Your cover photo is the **“billboard”** of your profile and is critical in presenting your lead magnet.

The 3 key elements to include are your **headline**, **button**, and **mockup**.

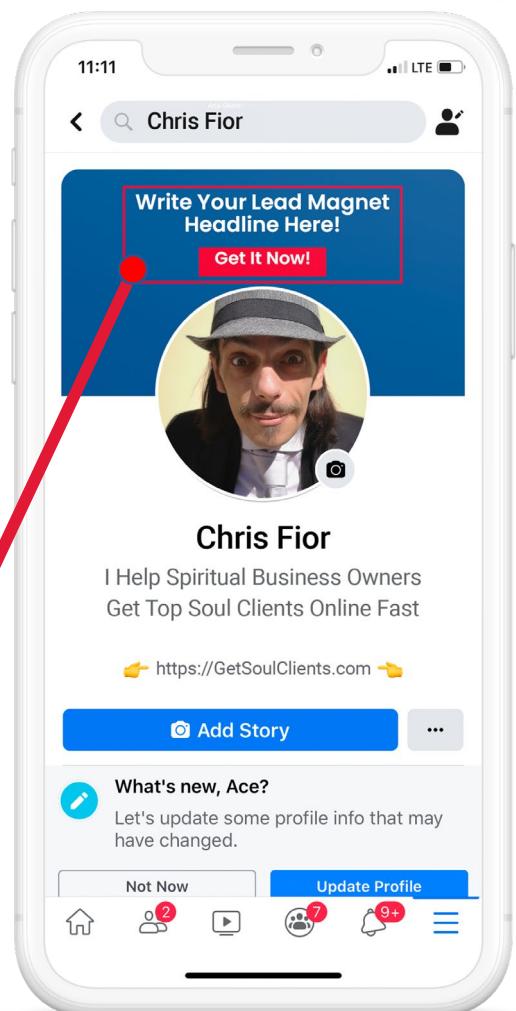

Step #3: Optimize Your Facebook Profile

Cover Photo

Follow the layout specifications above to get the best possible result. This is easy to do yourself, or just pass it on to your assistant. Also, make sure to keep all important content inside of the red outline to make sure you're optimized for mobile!

The red outline indicates the **"mobile safe area"**. Keep all your important elements inside here to make sure your cover is presented well to mobile visitors!

Step #3: Optimize Your Facebook Profile

Here's a quick diagram of how the intro section works:

The Intro Section is a key area of your profile that gives visitors an immediate opportunity to click your link...so it's important to make sure it draws attention.

The featured photo is a "secret weapon" that I rarely see anyone utilize properly. Similar to your cover photo, add 3 important elements to get best results: **headline**, **button**, and **mockup**.

In the pop-up window, present the visitor with your "call to action" (from the previous section) to claim the free lead magnet.

Step #3: Optimize Your Facebook Profile

Featured Photo Examples

Step #3: Optimize Your Facebook Profile

DONE! Your profile is 100% optimized and ready to go!

The screenshot shows a Facebook profile for 'Chris Fior'. The cover photo features a man with a mustache wearing a fedora hat. The bio reads: 'I HELP SPIRITUAL BUSINESSES GET TOP SOUL CLIENTS ONLINE FAST'. Below the bio is a yellow 'GET STARTED!' button. The profile picture is a circular image of the same man. The timeline shows a post from Chris Fior sharing a link about 'FREE VIDEO: 5 SIMPLE STEPS TO MAGNETIZE ENDLESS LEADS AND SALES'. The page has tabs for Timeline, About, Friends, Pictures, and More.

The screenshot shows the same Facebook profile on a mobile phone screen. The interface includes a search bar at the top, showing 'Your Name'. Below it is the profile picture and bio. A post from Chris Fior is visible, along with a blue 'Add Story' button. The bottom of the screen shows the standard mobile navigation icons.

Once you're finished optimizing these 5 areas of your profile, it will be transformed into a powerful landing page! This way, we're set up and 100% optimized to capture as many profile visitors as possible.

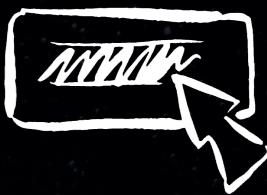

In the next section, I'll show you how to direct these visitors to a simple landing page that converts profile visitors into customers!

For us business owners, this has made finding our dream customers easier than ever!

There are Groups for every niche, topic, and interest imaginable... and your future customers are hanging out inside of them every single day....

Step #6: Engage On Social Media

Searching for Groups...

I don't recommend it.

You'll see much better & faster results if you narrow your focus and invest all your energy into a select few.

So, whittle down your list and **choose the top 3 groups** you want to participate in.

Step #6: Engage On Social Media

Join Groups And Interact!

3 Easy Ways to drive visitors to your
“Soul Clients Connector System”

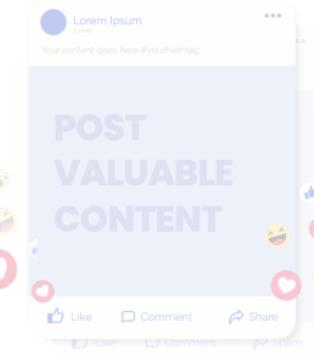

1) INTERACT

Inside these groups...every like, heart, and comment drives highly targeted traffic straight to your profile and into your funnel.

2) POST CONTENT

By posting valuable content into groups, you quickly establish yourself as the go to “authority” on all topics related to your business.

3) MESSENGER

In these groups, you're bound to virtually “meet” new potential customers. Message them and start building the relationship!

Step #6: Engage On Social Media

Watch For Golden Opportunities

Your gut instinct may tell you to watch for posts that go “viral” and wait to engage with those...

But posts that don't have any engagement are often your best opportunities to shine.

A like, heart, or comment on a post with ZERO attention will naturally pique the curiosity of the person who posted it FAR more than one that already has a frenzy of engagement.

Be the superhero that swoops in to save the day and you'll quickly build a tribe loyal followers.

Step #6: Engage On Social Media

PROVIDE VALUE

I know it sounds counterintuitive, but I can personally vouch that this is true...

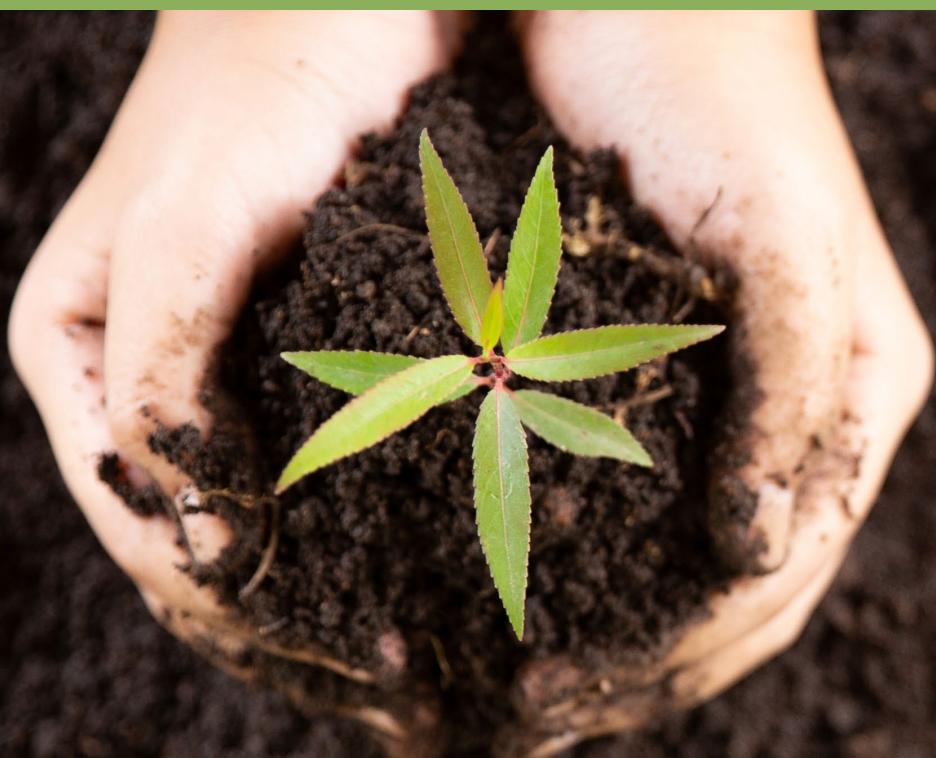

Your **FASTEST** path to growing your influence, building an audience, and ultimately monetizing it is to help people for **FREE** and ask **NOTHING** in return.

You'll be *amazed* by how much this strategy pays off in spades over time.

"You will get all you want in life, if you help enough other people get what they want."

- Zig Ziglar

Become A Farmer... Not A Nomad.

Nomads are typically searching for the “quick win” and will sacrifice long-term gain in exchange for immediate gratification.

On the other hand, farmers are patient individuals that plant seeds now...knowing they will come to fruition in the future.

If your goal is a consistent and robust source of new customers from social media, it's time you started adapting the “farmer” philosophy.

Step #6: Engage On Social Media

Post Content

1.3 BILLION PEOPLE ON MESSENGER

Facebook Messenger is like texting...but more intimate - which also makes it **HIGHLY** effective as a networking tool to build relationships at scale.

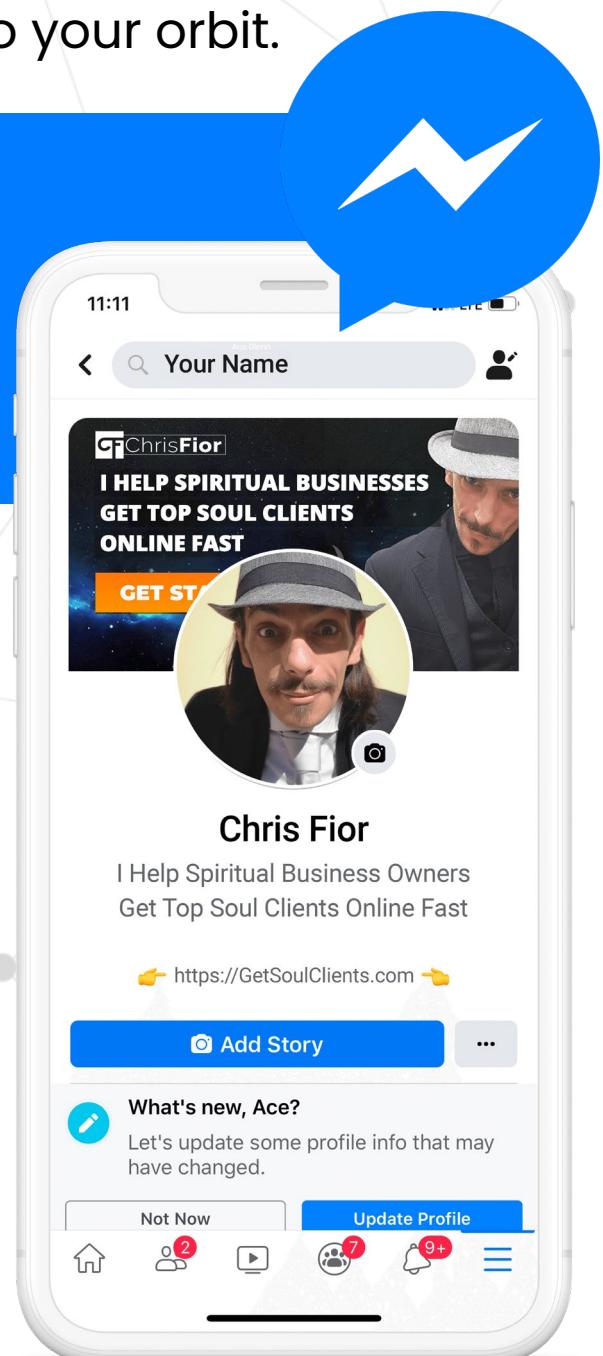

Plus it's **ENORMOUS!**
And it remains largely untapped for business owners like you.

Network via Messenger

As you begin to join & interact in Facebook Groups related to your business, you'll begin to **attract new people** into your orbit.

When you make a new connection, reach out via messenger to introduce yourself!

That personal touch creates an open line of communication and establishes instant rapport...there's a human on the other end of that message, and you're at their fingertips the next time they need help!

Step #6: Engage On Social Media
